SRILA PRABHUPADA SPEAKS OUT ON BOOK DISTRIBUTION

I am very much pleased to hear from you that everything is going nicely at our Gurukula school, and also that two traveling SKP parties from Dallas are having such good success by turning in \$3000 to my Book Fund in one month only. That is such nice service to Krishna, and it is news that makes my heart gladdened.

Rüpa Gosvämé says, "What nectar is there in these two alphabets, krish-na!" Krsneti varna-dvayam. [break] ...greater enthusiasm you go on with book distribution. They will be benefited, and distributors also will be benefited... If you want to become quickly recognized by Kãñëa, then make propaganda, this Krishna consciousness movement. And once recognized by Krishna, then your going back to home, back to Godhead, guaranteed.

So unless, they're really relishing some rasa, how they are purchasing? This is the first distribution of änananda-cinmaya-rasa throughout the whole world, this Krishna consciousness movement.

Krishna has said in Bhagavad-gita that "whoever explains my transcendental glories to others is most dear to me in this world and never will there be one more dear to me than he".

Also book distribution to the schools, libraries, and various institutions is most important. So try and increase on these programs more and more

Our book distribution program is most important work. Anyone reading our KRSNA book, TLC, NOD, and Bhagavad As It Is, is sure to become a Krishna Conscious person. Therefore somehow or other we must push on this literature distribution program, either through schools, colleges, libraries, life membership program or ordinary sales.

Distribution of books and magazines is our most important activity. Without books, our preaching has no solid basis.
